ABOUT ME

Final-year Software Engineering undergraduate with strong foundations in software development, mobile application development, web technologies, and machine learning. Hands-on experience in developing mobile and web applications and software testing, along with academic projects. Demonstrates strong problem-solving ability, leadership, teamwork, and organizational skills through active involvement in university clubs and event management. Seeking a software engineering internship to apply technical knowledge in real-world environments, with a focus on mobile and web application development, software quality assurance, and modern software engineering practices..

EDUCATION

BSc(Hons) in Software Engineering

Sri Lanka Technology Campus(SLTC)

Relevanty Course Work:

- Software Engineering Method
- Software Architecture
- Software Quality Assurance
- Mobile Application Development
- Machine Learning
- Deep Learning
- Artificial Intelligence
- Natural Lanuage Processing

Diploma in Information Technology (2021-2023).

Wayamba University of Sri Lanka

Relevanty Course Work:

- Software Project
- Concepts of IT
- Computer Hardware
- Web Designing: HTML, CSS, PHP
- Programming techniques & VB.Net
- Computer Ethics

G.C.E Advanced Level

Sandalanka National School

- SFT
- Engineering Technology
- ICT

WORK EXPERIENCE

Private Tutor (ICT)

[2022] – Present

"4 years of ICT teaching experience, instructing students aged 6–11 in programming and web development following the school syllabus through practical and theoretical lessons."

SKILLS

- **Programming & Frameworks** :-Python, Java, C++, Kotlin (Android Development), Swift (iOS Development), Dart (Flutter), JavaScript/TypeScript, C# (.NET MAUI/Xamarin), React.js, Node.js, Express.js
- **Web & Mobile Development** :-Frontend and backend web development, REST API development, API integration, responsive UI design, cross-platform mobile application development using Flutter, React Native, and .NET MAUI/Xamarin
- **Machine Learning & AI Basics** :-Data preprocessing, data analysis, model training, predictive modeling basics, and AI-based driver behavior monitoring concepts
- **Database Management** :-SQL, PostgreSQL, MongoDB, Prisma ORM, database design, and CRUD operations
- **Testing Tools & Platforms** :- Postman API testing, REST APIs, Git, GitHub, software debugging, version control, and basic software testing practices
- **Problem Solving & Algorithms**:-Object-oriented programming (OOP), data structures and algorithms, logical problem-solving, debugging, and analytical thinking

ACADEMIC PROJECTS

Project Transafe (Ongoing)

- Developing a smart integrated road safety & Transport System with school bus tracking, ambulance alerts, and heavy vehicle routes management using GPS and mobile technologies.

Customer Churn Prediction MLOps Pipeline (2026)

- Built an end-to-end machine learning pipeline to predict telecom customer churn. Implemented data preprocessing, model training, evaluation, and pipeline automation.

Hostel Management System (Web App) (2025)

- Developed an interactive hostel booking & maintenance management system WebApp, including QR code confirmation.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

- **University Life Coordinator – SIS:** Organized student events and facilitated communication between students and administration.
- **Editor – SLTC Sport Council:** Managed sports content creation, publication, and event promotion.
- **Assistant Treasurer – Leo Club of SLTC (2024):** Handled financial records, budgets, and supported fundraising initiatives.
- **Software Engineer Batch Representative – 2026B Batch:** Liaised between faculty and batchmates, coordinating academic and technical activities.
- **Photographer – SLTC Media Unit:** Captured and edited high-quality photos for university events and publications.
- **Dancing Coordinator – Performance Art Club (PAC):** Coordinated rehearsals, performances, and student engagement in dance events.
- **Chairmen:** Project GAMATA WADAK, Project DEVTHON (collaborating with LC of Moratuwa), Project Senehasa, SLTC Premeire League

ACHIEVEMENT

- **Winner – Best Inter-District Project**, (Project Dev{thon} 2.0, Chairman), 20th Annual Leo District Conference
- **2nd Runner-Up – Best Project for Senior Citizen Development**, (Project Senehasa, Chairman), 20th Annual Leo District Conference
- **Winner – Most Outstanding Leo Club Member**, Year-End Award Ceremony, Leo Club of SLTC
- **Winner – Best Project**, (Project Gamata Wadak, Chairman), Mid-Year Award Ceremony, Leo Club of SLTC
- **First Runner-Up – Most Supportive Leo Club Member**, Year-End Award Ceremony, Leo Club of SLTC
- **Top 4 Project Recognition** – Project Senehasa, Mid-Year Award Ceremony, Leo Club of SLTC
- **Line Member Excellence Award**, Mid-Year Award Ceremony, Leo Club of SLTC
